

Example Kick-off Report

	 www.boc-group.com
	Notes:
Date of kickoff:	
Attending BOC employee:	
Attending on customer side:	
Duration of the kickoff:	
Corresponding request:	
Customer got:	
<input type="checkbox"/> Installation files <input type="checkbox"/> License added in installation files?	
Environment:	
<input type="checkbox"/> Installation option 1 <input type="checkbox"/> Installation option 2 <input type="checkbox"/> Installation option 3	

<p>Database server:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Server already provisioned <p>Database system:</p> <ul style="list-style-type: none"> <input type="checkbox"/> MSSQL <input type="checkbox"/> PostgreSQL <input type="checkbox"/> Oracle <p>Database preparation:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Customer fully setup the DB <input type="checkbox"/> Customer setup the DB but BOC did some corrections <input type="checkbox"/> Customer provided empty DB hull & BOC initializes the DB <input type="checkbox"/> BOC creates the DB <input type="checkbox"/> Other <p>Connection:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Database server can reach Application server 	
<p>Application server:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Server already provisioned <input type="checkbox"/> CPU cores as required <input type="checkbox"/> RAM as required <input type="checkbox"/> Is the application server also the web server <input type="checkbox"/> Ports available for aworker <p>Installation Data & Editor:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Installation data available on server <input type="checkbox"/> License available on server <input type="checkbox"/> Notepad ++ available or portable version allowed <p>Deprecated system user (only for update/migration)</p> <ul style="list-style-type: none"> <input type="checkbox"/> Found deprecated system users <ul style="list-style-type: none"> <input type="checkbox"/> Deprecated system users will be deleted <input type="checkbox"/> Deprecated system users will be changed to local user <input type="checkbox"/> Authentication will be implemented <p>Connection:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Application server can reach Database server <input type="checkbox"/> Application server can reach Web server 	<p>CPU cores: RAM:</p>

<p>Web server:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Is application server also web server? <input type="checkbox"/> Server already provisioned <input type="checkbox"/> Cores as required <input type="checkbox"/> RAM as required <p>Operating system</p> <ul style="list-style-type: none"> <input type="checkbox"/> Windows <input type="checkbox"/> Linux <p>Connection:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Web server can reach Application server 	<p>CPU cores: RAM:</p>
<p>Third party tools</p> <ul style="list-style-type: none"> <input type="checkbox"/> will be downloaded and installed by customer 	
<p>Installation date</p>	
<p>Database backup & SIP (Only for upgrade/migration)</p> <ul style="list-style-type: none"> <input type="checkbox"/> customer will provide backup & SIP 	
<p>Additional notes:</p>	

Bitte beachten Sie:

Die Verfügbarkeit und Funktionsfähigkeit bestimmter Softwareprodukte von Drittanbietern ("Drittprodukte") auf den jeweiligen Servern (insbesondere Apache Tomcat, OpenJDK/Java, Datenbanksystem) wird für die Installation und den Betrieb des oben angeführten BOC-Produkts vorausgesetzt.

Diese Drittprodukte sind kein Bestandteil der BOC Software und werden somit von BOC weder geliefert oder gepflegt noch wird eine Gewährleistung oder Haftung für Drittprodukte oder für die jeweiligen Server übernommen.

Please note that installation and operation of third-party tools (e.g. Apache Tomcat, OpenJDK/Java, database system) is a requirement for the installation and operation of the BOC product mentioned above. These third-party tools are not part of BOC's software and will therefore neither be delivered, nor maintained nor is any warranty or liability assumed for third-party software or their respective servers.
